

HOW TO SAVE AS PDF

General Info

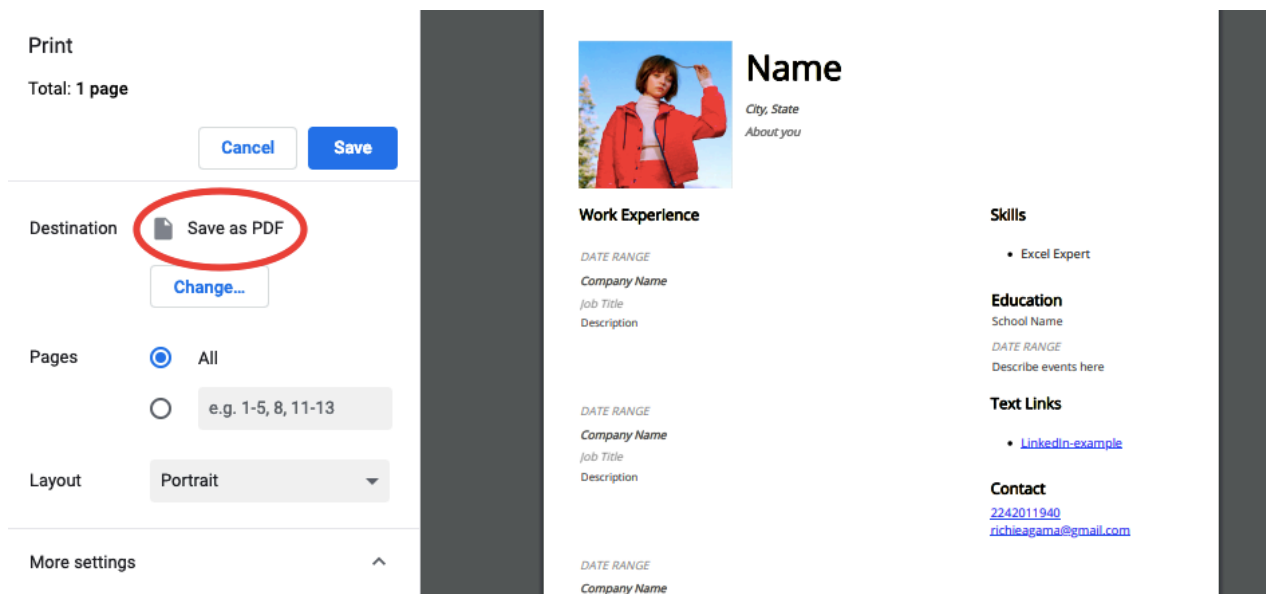

Your resume will only save on one device, the device you created it on. If you would like to go back and edit your resume use the same device you created it on; and use the same browser, it will not appear across all devices you own.

For best results work on a desktop using chrome or safari.

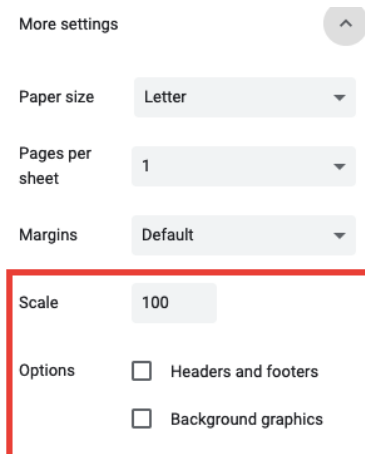

Desktop Guide

Chrome Desktop Guide (recommended)

1. Click on PDF icon, make sure to 'Save as PDF'.

2. Under settings turn off headers, footers and background graphics. Scale should be 100, but you may adjust scale to fit resume size.

3. Save and done!

Print

Total: 1 page

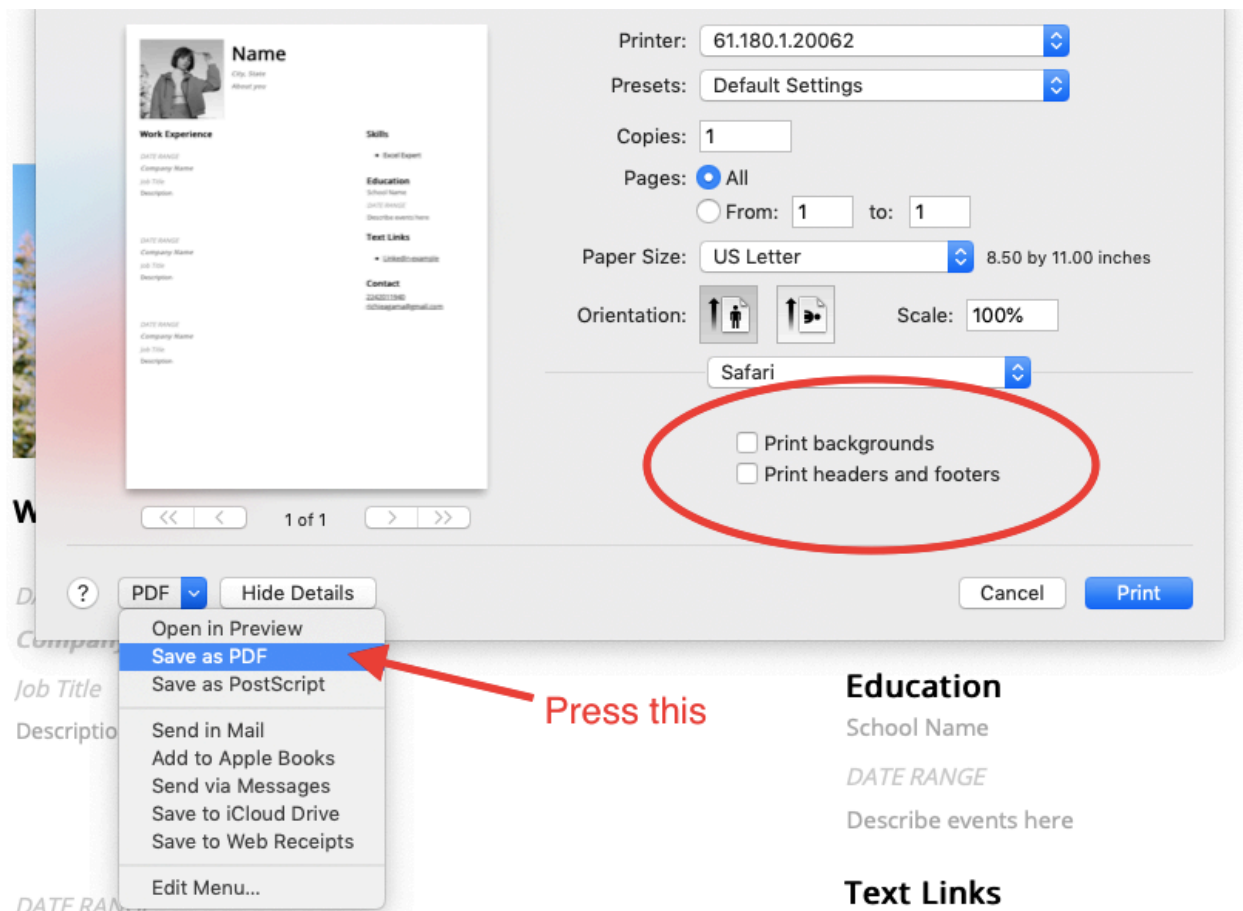

Cancel Save

Destination  Save as PDF

Change...

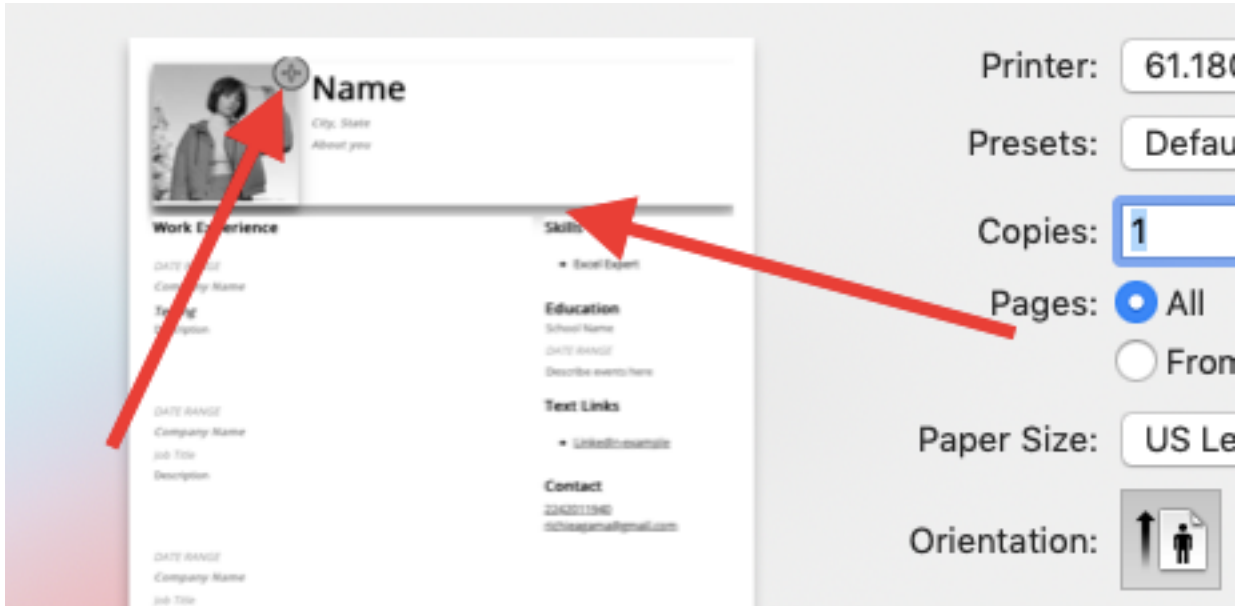

Safari Desktop Guide (also recommended)

- 1.First turn off 'Print backgrounds' and 'Print headers and footers' (see circled in red below).
- 2.Press 'Save as PDF' option (see red arrow below).
- 3.Save and done!

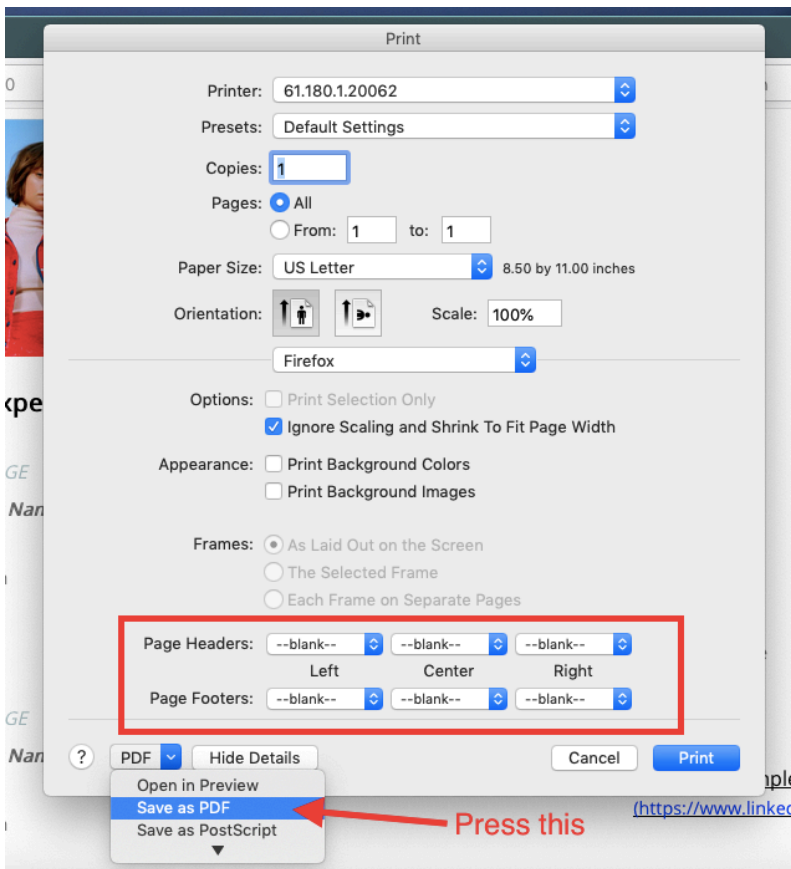

Safari browser bug

If safari is printing some background graphics (as shown below). To fix this refresh the page and try again, it will go away.

Firefox Desktop Guide (NOT recommended for this program, but still works)

1.First turn off 'Page Headers' and 'Page Footers'. Make sure all these settings say 'blank' (see red box).

2.Press 'Save as PDF' option (see red arrow).

3.Save and done!

Firefox browser bug

Firefox renders text links weird (see picture below). The text links still work, but looks uglier than if you were to use Chrome or Safari.

Mobile Phone Guide (iPhone)

Instructions for mobile Chrome, Safari and Firefox are all the same.

1. Press PDF icon

2. Inside the printer options menu. Press firmly on the preview to make it expand and fill the screen. On an older iPhone without a pressure-sensitive display, **perform a pinch-out gesture.**
